

Halloween Reward Chart

Ideal for classroom or home use, this Chart can be used to set goals, incentivise and reward achievement.

Tips for using this chart:

- ❖ The 'belongs to' line can be used for either a class name or an individual name. For up to 3 names, use the left hand column or use multiple sheets for groups (see below for printing tip).
- ❖ Use the top line to list what they need to achieve e.g. Completed Homework, or Tidied Up.
- ❖ Print either in colour or black and white (select to print page 2 only). Print size is A5 – for multiple copies cut and stick onto A4 paper and photocopy.
- ❖ Use a sticker or tick to indicate when a task or objective is achieved.
